YAMAHA
Clavinova

CLP Series

CLP-500. Yamaha's top-of-the-line CLP Clavinova. With an ultra-responsive keyboard that provides a concert grand-like touch over the entire keyboard range. And Advanced Wave Memory, a sophisticated technological achievement that reproduces instrument voices nearly indistinguishable from the originals. It also has eighty-eight keys, 10 voices, Chorus, Ensemble and Tremolo effects, a three-way speaker system, and MIDI compatibility. Some of these features, and a variety of others, are also available on the CLP-300, -200 and -100 Clavinovas. Try one on for size, your fingers and ears will immediately know it's a Clavinova. Much, much more than a piano.
